

Prudence and Bay Islands Transport is currently seeking to fill a seasonal deckhand position.

No experience necessary, training provided.

Employees duties will include:

- Line handling
- Transfer bridge operation
- Diesel engine maintenance & monitoring
- Vessel upkeep & sanitation
- Accurate & timely completion of logs including deck logs, engine logs & training logs
- Participation in monthly safety drills
- Directing passengers and vehicles during vessel loading and unloading
- Ticket sales and reservation processing

Majority of this position takes place outdoors and applicants must be willing to perform at times physical work in the elements.

The deckhand position is also a customer service position and applicants will be expected to work with the public on a daily basis.

A basic knowledge of computers is required.

Marine experience is not necessary but will be considered during the hiring process.

Employees will be enrolled in the maritime consortium random drug testing program and a pre-employment test is required.

Deckhands are required to be certified in First Aid and CPR (Training can be provided).

Interested applicants should fill out an application on our website.
