

Dear A&R Marine Customers,

At an open meeting on Friday 3/27, as expected, the Commission voted to suspend the effective date of the proposed rate changes for up to 8 months to allow it to fully investigate the Rate Filing before approving any rate changes.

This time will allow for hearings and public comment, for the Commission and Division of Public Utilities and Carriers to request additional information from A&R Marine, and allow the Commission to continue its investigation and deliberation. This will be a lengthy process, and we will continue to share updates as they are made available, including any upcoming public hearing dates.

**We encourage all members of the Prudence Island community to each take the time to read and review the filing found on the PUC website <https://ripuc.ri.gov/Docket-26-10-FR>**

We would like to thank you for your continued support. We greatly appreciate everyone who has reached out over the last week, and we look forward to continuing the discussion with the community and PUC.

With appreciation,  
All of us at A&R Marine
